Hindenburg was born in Posen, Prussia, in 1847. He joined the Prussian army in 1866 and fought in the Austro-Prussian War and the Franco-Prussian War. In 1903, he was appointed Chief of the General Staff. In this role, he was responsible for overseeing the German army's preparations for World War I.

When war broke out in 1914, Hindenburg was given command of the German Eighth Army. He led his army to victory at the Battle of Tannenberg, one of the most decisive battles of the war. In 1916, he was appointed Chief of the General Staff of the German army. In this role, he was responsible for directing the German war effort.

After the war, Hindenburg was elected President of Germany. He served in this role from 1925 to 1934. During his presidency, he oversaw the Weimar Republic's transition to democracy. He also played a key role in the negotiations that led to the Treaty of Versailles.

Hindenburg died in 1934. He is buried in the Tannenberg Memorial, a monument to the German soldiers who died in World War I.

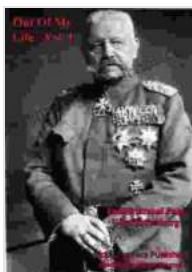

Out of My Life as a Historical Document

Out of My Life is a valuable source of information about German history. The book provides a firsthand account of the events leading up to World War I and the war itself. It also offers insights into the mind of one of the most important leaders of the time.
