Stopps begins her book by describing the many ways that disabled people are excluded from society. They are often denied access to education, employment, and healthcare. They are also often the target of violence and abuse. Stopps argues that this exclusion is not only harmful to disabled people, but also to society as a whole. It prevents us from benefiting from the contributions that disabled people could make.

Stopps then goes on to tell the stories of several disabled people who have overcome great adversity to achieve success. These stories are both

inspiring and heartbreaking. They show the strength and resilience of disabled people, but they also highlight the many challenges that they face.

Stopps concludes her book by arguing that we need to change our attitudes towards disability. We need to see disabled people as equals, and we need to create a more inclusive society. She believes that this is possible, and she calls on us all to do our part.

*Freaks of the Industry* is a powerful and important book. It is a must-read for anyone who wants to understand the lives of disabled people and to work towards a more inclusive society.

### **About Rosalind Stopps**

Rosalind Stopps is a British writer and disability rights activist. She is the author of several books, including *Freaks of the Industry* and *The Power of Disability*. Stopps has also written extensively for newspapers and magazines, and she has appeared on television and radio to discuss disability issues.

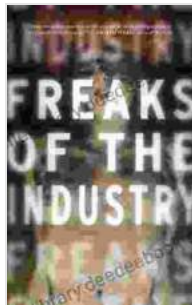

Stopps is a passionate advocate for disability rights. She believes that disabled people should have the same rights and opportunities as everyone else. She is also a strong critic of the way that disabled people are often portrayed in the media. She argues that disabled people are often seen as objects of pity or fear, and she believes that this is harmful to disabled people and to society as a whole.

Stopps is a powerful voice for disability rights. She is a role model for disabled people everywhere, and she is an inspiration to everyone who believes in a more inclusive society.

A group of disabled people are sitting in a circle, talking and laughing. They are all different ages and have different disabilities. Some are in wheelchairs, some use crutches, and some have visible disabilities. But they are all smiling and happy to be together.
