There are a number of reasons why the zombie novel is so popular. First, zombies are a relatively simple creature to understand. They are mindless, flesh-eating monsters that are driven by a single goal: to consume human flesh. This makes them a perfect villain for a horror novel, as they are both terrifying and relentless.

Second, the zombie novel allows us to explore our fears about death and the unknown. Zombies are a physical manifestation of our fears about mortality, and they can be used to explore our deepest fears about what

happens to us after we die. In this way, the zombie novel can be a cathartic experience, allowing us to confront our fears and come to terms with our own mortality.

Third, the zombie novel is a genre that is constantly evolving. There are new zombie novels being published all the time, and each one offers a unique take on the genre. This keeps the genre fresh and exciting, and it ensures that there is always something new to read.
